and Cass Streets, East Saginaw.

ANTONY SCHMITZ

RESPECTFULLY calls the attention of the

people of this region to his new establishment

at the corner of Cass and

Genesee Streets, East Saginaw.

FACT NO. 1.—The Company being duly licensed,

their Machines are protected against infringement

or litigation.

FACT NO. 2.—Their Machines make the lock-

stitch, all sizes of cloth, and use a little less than

half as much thread and silk as the chain or loop-

stitch machines.

FACT NO. 3.—These machines are better adapted

to the frequent changes and almost infinite variety of

sewing required in a factory. They can run from

one to twenty thicknesses of material, and can stop,

and make every stitch perfect. They will even sew from the last stitching to the heading cloth, and

overcast, leather, without changing the thread or

needle, or tension, making any adjustment of the

machines a trifle. They are a hundred fold more

expensive, but they will pay for themselves in a very

short time, why not for every variety of dress, garment,

or article of clothing?

For further information apply to our Family

Machines, we recommend our larger sizes.

FACT NO. 4.—These machines make the most

elastic seam of any sewing machine.

FACT NO. 5.—The machine is more durable, or

more simple in its construction, and more convenient

for the manipulation of these machines, and will fully demonstrate each of the above facts.

FACT NO. 6.—These machines took the highest premium at the Mechanics Fair, Utica, N. Y.

FACT NO. 7.—These machines took the highest premium at the Mechanics Fair, Philadelphia.

FACT NO. 8.—These machines took the highest premium at the Mechanics Fair, Utica, N. Y.

FACT NO. 9.—These machines can do the same

thing generally, whenever properly exhibited in

competition with other first class sewing machines.

But we have no time to waste in competition with

other manufacturers, but we have facts to prove

that our machines are the best.

FACT NO. 10.—We warrant every machine we

sell to give better satisfaction than any other sewing

machine in the market, or money refunded.

For a circular, AGENTS WANTED.
